

Castellated Mat

This system mat is designed for running pipe heating loops on the heating surface. Regular, properly shaped and numerous tab ensure fast and firm installation of heating pipes.

Benefits include:

- Laying the underfloor heating without the use of clips.
- Rigid structure to prevent the pipe from falling out.
- Metric graduation for easy size adjustment.
- The shape of the tab enables a solid mats connection.
- Underfloor heating construction system according to DIN 18560-2: A and BS8204.

| Product Code | Product Description | Dimensions |
